

Safety Data Sheet - WOCA Wood Lye

0. General:

- : means no data or not relevant

1. Identification:

Product name: WOCA Wood Lye

Product Category: 400 ml. spray with carbon dioxide safety propellant

Measures by accident/poisoning: Bring the packaging or the product information data sheet when seeking medical attention. In Denmark: for information about the proper treatment, the doctor may call the poison information at Bispebjerg Hospital, phone **+45 35 31 60 60**

2. Composition/Information on Ingredients:

See item 16 for the full wording of R-sentences.

Contains:

CAS No: 1310-73-2

EU: 215-185-5

%: >0,5%

Chemical Name : Sodium Hydroxide

Classification : C R35

Notification Note : 1

3. Hazards Identification:

Main Toxicological and Ecological hazards: May be irritating to eyes and skin.

4. First Aid Measures:

General information: Bring this safety sheet with you to physician/emergency room.

Inhalation: Fresh air.

Contact with eyes: Immediately rinse with water. Contact physician if irritation continues.

Contact with skin: Rinse with water.

Ingestion: Rinse mouth and then drink plenty of water.

5. Fire-fighting Measures:

Suitable extinguishing media: Not flammable. Use extinguishing media appropriate for surrounding fire.

6. Accidental Release Measures:

Environmental precautions: See item 13.

Methods for cleaning up: Absorb large spills using absorbing material and deliver to an approved receiving station for hazardous waste. Small quantities of spilled material may be flushed to drains with plenty of water.

7. Handling and Storage:

Handling: Avoid contact with eyes and skin. Working routines should be implemented to reduce spill or any other form of spreading.

Storage: Keep in closed original container.

Specific Environmental Protection Precautions: To prevent leakage, containers in use must be carefully closed and stored in upright position.

8. Exposure Control/Personal Protection:

Engineering Control Measures: Plenty of water must be available.

Hand Protection: If possible use protective gloves.

Eye-Protection: If possible wear eye protection.

General information: Workplace and methods must be arranged to prevent all direct contact with the product.

Occupational Exposure Limits: -

CAS No.: 1310-73-2

Notification: L

Occupational Exposure Limits: 2 mg/m³.

9. Physical and Chemical Properties:

Form: Liquid

pH-value (conc.) app.: 9,7

10. Stability and Reactivity:

Stability: The product is stable in normal use.

11. Toxicological Information:

Contact with skin: Irritating to skin.

Contact with eyes: May irritate eyes.

Chronic effects: None known.

12. Ecological Information:

Product description (summary of below mentioned substance data):

Ecotoxicity: The substances contained in this product need not be classified as dangerous to the environment according to EU legislation.

Degradability: The organic substances in this product are ultimately easily degradable and need not be classified as harmful to the environment.

Substance data:

Toxicity(fish): LC50 (96 h) 189 mg/l

Misc.: Inorganic. Harmful to aquatic organisms due to change of the pH.

13. Disposal Considerations:

General information: waste code applies to product remnants in pure form.

Disposal considerations: Ordinary garbage disposal. Dispose of large amounts (over 10 kg.) as chemical waste.

Waste code: 20 01 30 detergents other than mentioned in 20 01 29.

14. Transport Information:

The product is not comprised by transport regulations of dangerous goods.

15. Regulatory information

Labelling: The product does not require a hazard warning label in accordance with EC Directives.

Special Education: None specific – the users of the product should be familiar with the contents of this Safety Data Sheet.

16. Other Information:

R phrases:

R35 Causes severe burns.

Final remarks: The information in this Safety Data Sheet is based upon the information available at the time of this preparation. The Safety Data Sheet is issued according to present EEC legislation. The product has not been tested, however, the information about the product is based on knowledge of the dangerous properties of the contained substances together with knowledge about similar products.

Corrections: Item 8, Item 13.
