

WOCA Spot Remover

WOCA Spot Remover is based on soap and specially developed for indoor use to remove particularly difficult spots from the wood surface. Spot Remover effectively dissolves grease, blood, coffee, tea, etc. May be used on unfinished, soaped, oiled or waxed interior surfaces.

Spot Remover is available in a 9 oz. spray can.

Tools:

Soft Bristle Brush, small bucket and cotton cloths.

How to do...

Before using Spot Remover it is advisable to make a small test at a non-visible place of the floor to ensure that there will be no undesired reaction.

1 Spray Spot Remover evenly on the stain directly from the canister.

2 Leave the Spot Remover to dissolve the stain for 10-20 min. Now scrub with a soft bristle brush until the stain has been dissolved.

3 Repeat if necessary.

4 Wipe the spot with a cloth wrung out in luke-warm water.

5 When the floor is completely dry apply the original surface finish to re-establish the protection of the surface.
